

# WorkKeys

and the

## Kentucky Employability Certificate

### What is WorkKeys?

WorkKeys was developed by the nationally-recognized ACT organization to help you compete in today's high-demand workplace. WorkKeys is built around assessments that measure your abilities in "real world" skills often required for successful job performance.

### How Do I Earn a Kentucky Employability Certificate?

You can earn your Kentucky Employability Certificate by taking the WorkKeys assessments in Reading, Math and Locating Information — skills

that most jobs require. A Kentucky Employability Certificate is then awarded in either of two levels: Silver for a score of 4 on all three assessments; or Gold for a score of 5 on all three assessments.

### Where Do I Get Started?

If you are interested in earning a Kentucky Employability Certificate, free WorkKeys instruction and assessments are available through SkillTrain at Owensboro Community & Technical College. OCTC also partners with Skills, Inc. to offer WorkKeys assessments. Currently, more than 3,000 job seekers with WorkKeys scores are registered in the Skills, Inc. database.
